MEMORANDUM FOR: Chief, Fiscal Division
Chief, Accounts Branch
Chief, Claims Branch
Chief, Travel Branch
Chief, Payroll Branch

SUBJECT : Laws Generally Applicable to Governmental Operations
Passed by 83rd Congress, 1st Session

1. There are submitted herewith summaries of selected laws enacted during the First Session of the 83rd Congress that are applicable in general to Governmental operations during the 1954 fiscal year. The listing does not include full coverage of legislation relating to Civil Service regulations or Federal employee pay matters, all of which should be of common knowledge or readily available in the offices primarily concerned. In some instances, only a partial statement of the law has been made and should not be relied upon as anything more than an index to the laws.

2. This compilation has been made for the purpose of inviting attention to laws and amendments thereto which otherwise might be overlooked in the course of general review. An effort has been made to break the listing down into three general categories; i.e., Services, Personnel, Fiscal, data being shown under the function normally having primary interest. It is necessary, however, to review all categories, since information of importance will be found.

3. As indicated, the attached applies to Governmental operations in general. However, in light of P.L. 110 (CIA Act), the information contained herein should be reviewed with particular reference to P.L. 110.
